Objective

Seeking a career opportunity where I can use creative coding, collaboration and communication skills to exceed the needs of a client or company.

Experience

Independent Contractor, 9/09 – 01/14

Specializing in home repairs, painting and carpentry

Service Technician, Southwest Exteriors, 3/08 – 9/09

As a service technician for one of San Antonio's largest remodeling companies, I did trim carpentry, painting, drywall repairs, and installed HardiePlank siding. I listened to the customer's concerns, assessed what needed to be done on the spot and made sure that when I left, the customer was satisfied with the work done by Southwest Exteriors.

Owner/Manager, GMC Painting and Repairs, 5/06 – 3/08

As a small business owner, I sought and bid jobs for residential painting throughout the city of San Antonio. In addition to indoor and exterior painting, I did carpentry, drywall repair and texturing.

Assistant Maintenance Director, CWS Property Management Company, 5/04 – 5/06

At the Marquis at Rogers Ranch, I maintained a 246-unit luxury apartment community. I performed make readies, painting and remodeling, completed work orders and repaired HVAC and plumbing. In my capacity as assistant director, I communicated with residents on a daily basis and made sure we provided good customer service to each and every tenant.

Lead Carpenter, Caldbeck Construction Company, 1/99 – 5/04

As a carpenter with a small local business, I did residential and commercial remodeling and painting throughout the city of San Antonio and surrounding areas. I also installed tile and flooring, decking, room additions and did bath and kitchen remodels.

Other Interests

Lead guitarist in the Melissa Ludwig Band, a pop rock group fronted by my wife. I also

like to fix amps, modify guitar pedals and other musical equipment.
